

Music puzzle and colouring-in book

Berliner
Philharmoniker

KitaKonzerte 3.2.1.LOS!

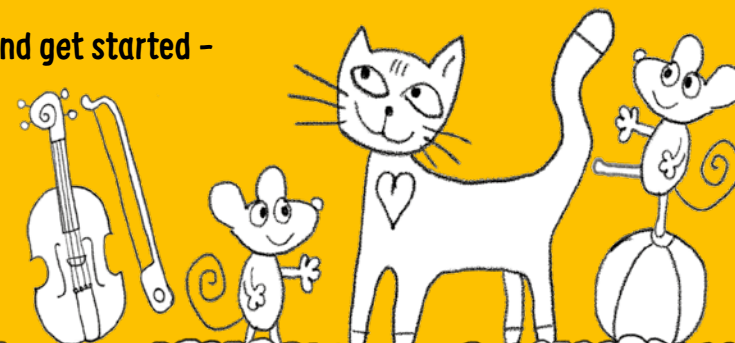

Hello! Are you sitting in your room too, wondering what to do with yourself?
Your kindergarten is closed and your toys at home have started to get a bit boring?
Or do you have to do school work at home, but would much rather go outside?
Your parents are now working at home and can't be disturbed — just when you have very important questions?

Everybody's talking about one thing, but you don't understand what they're talking about?
Do you miss your friends as much as we do? Oh dear, and computers and television are getting boring?
Running out of cool ideas?

Maybe we have something to keep you entertained.
Have you ever heard of the Berliner Philharmoniker's great kindergarten and family concerts?
With music and funny stories, the musicians present their instruments to the audience, plus there's always a puzzle.

We have looked out a few puzzles for you to print out.
Why don't you put on your favourite music, get your coloured pencils and crayons out and get started -
solving the puzzles and colouring in the pictures.

Have fun and stay healthy!

Who is playing here in the string trio?
Colour the musicians in.

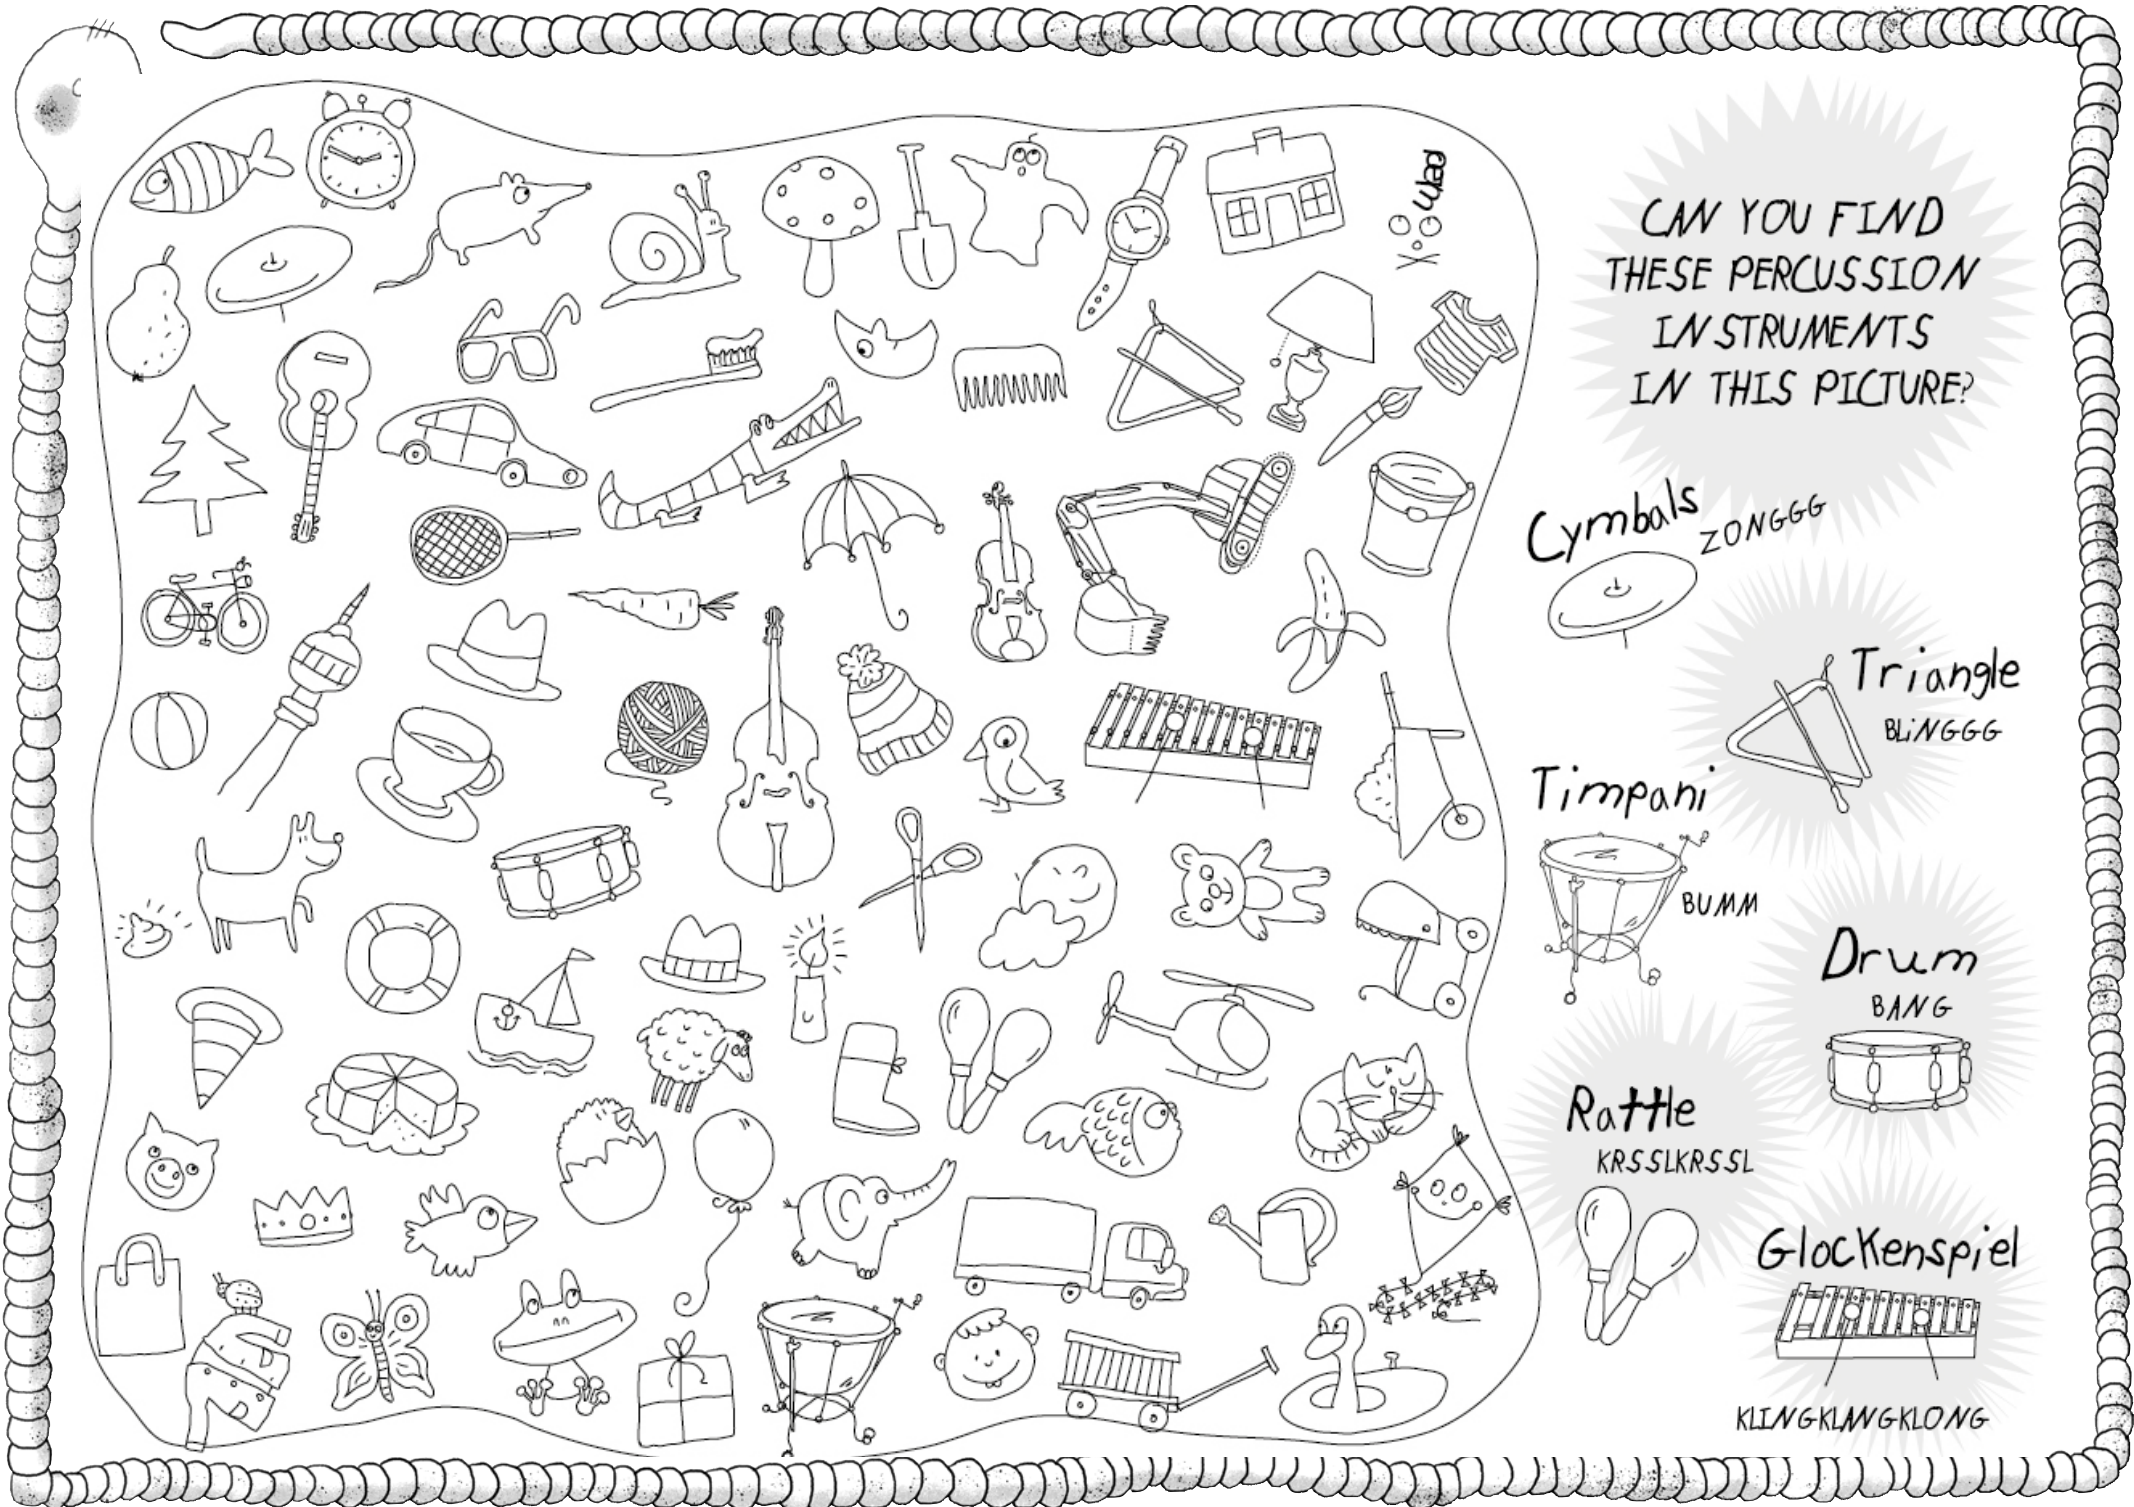

What are the instruments
in this string trio called?

Mr. Duck

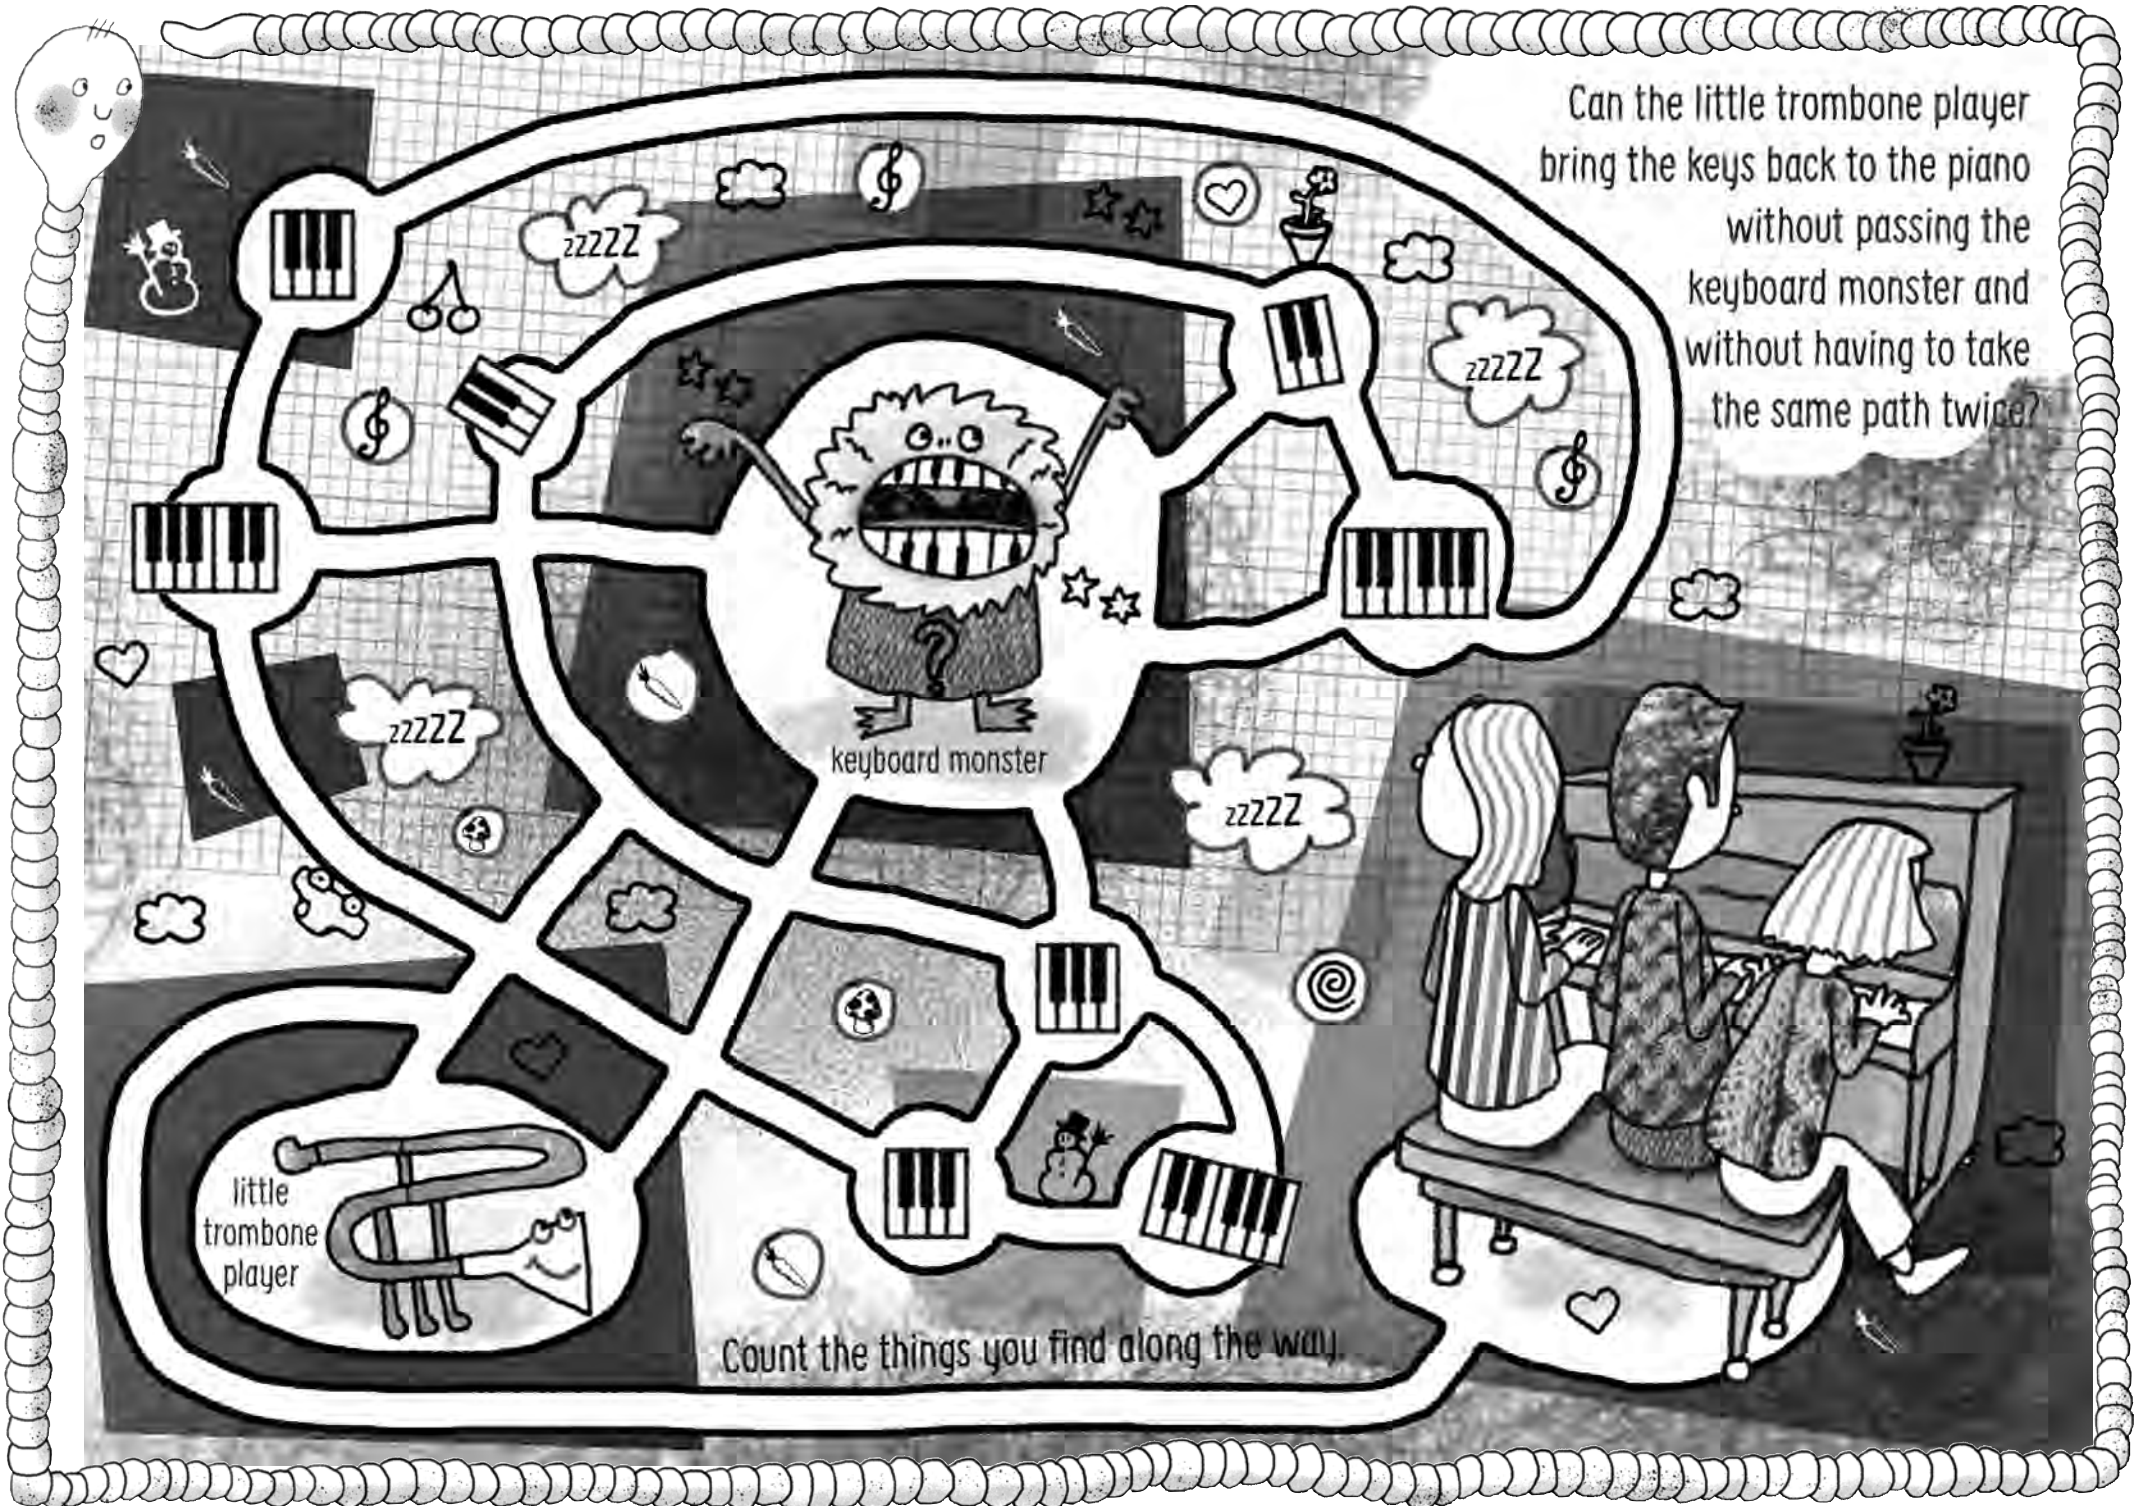

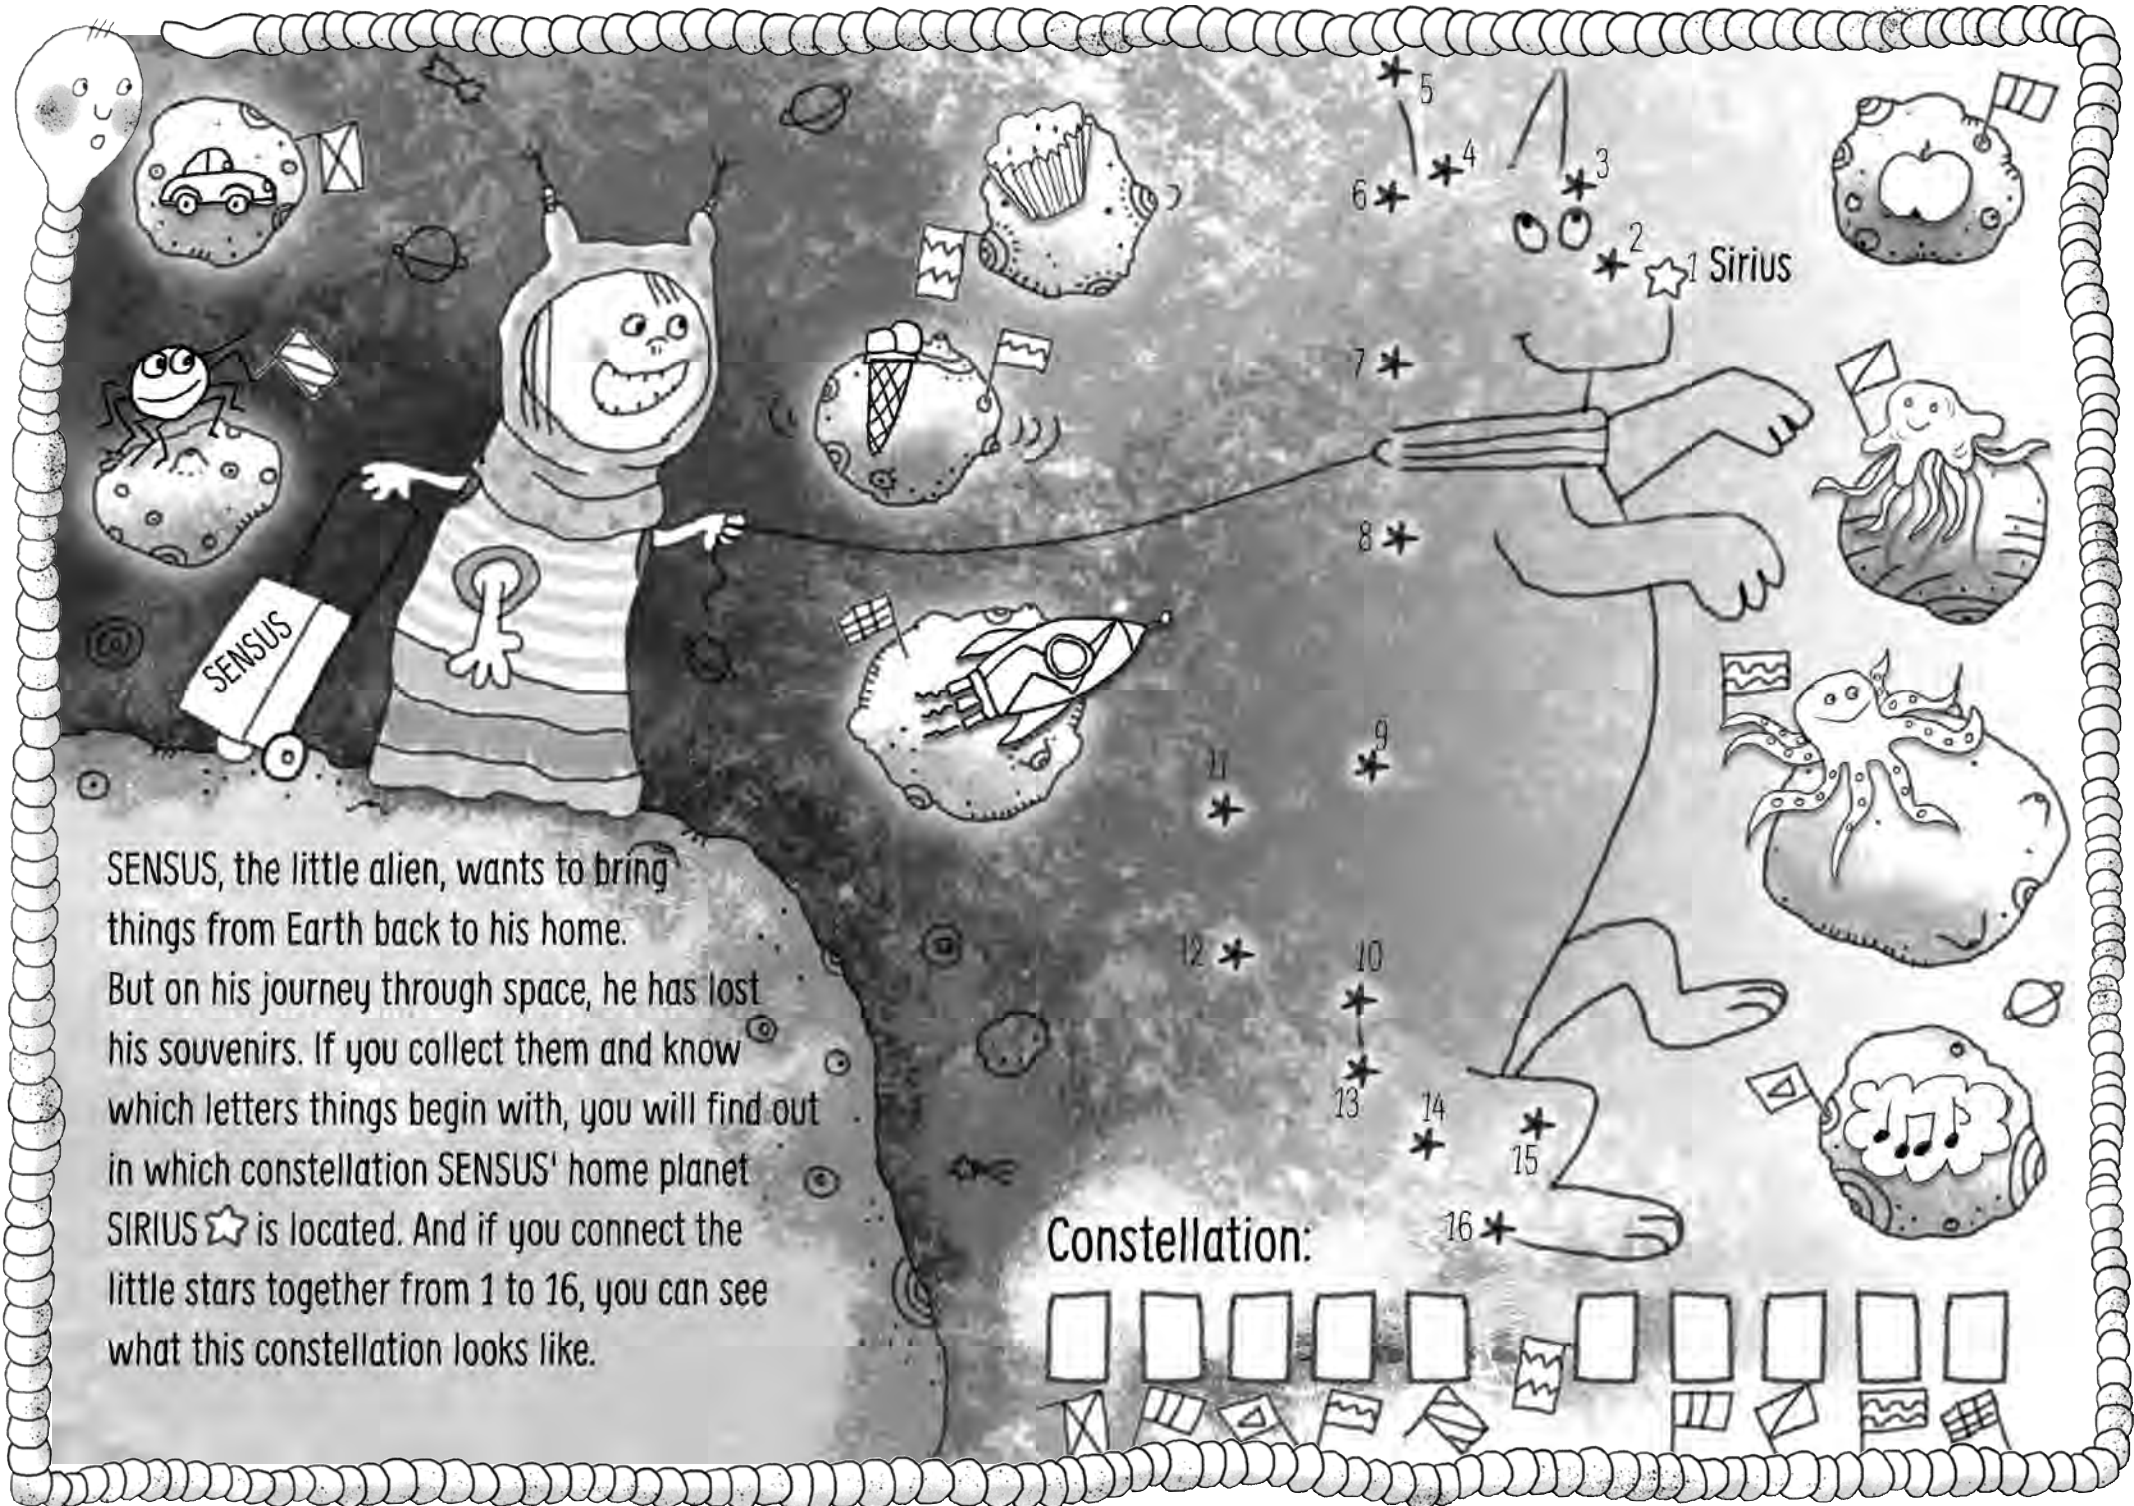

Grandma Goose

Pochard

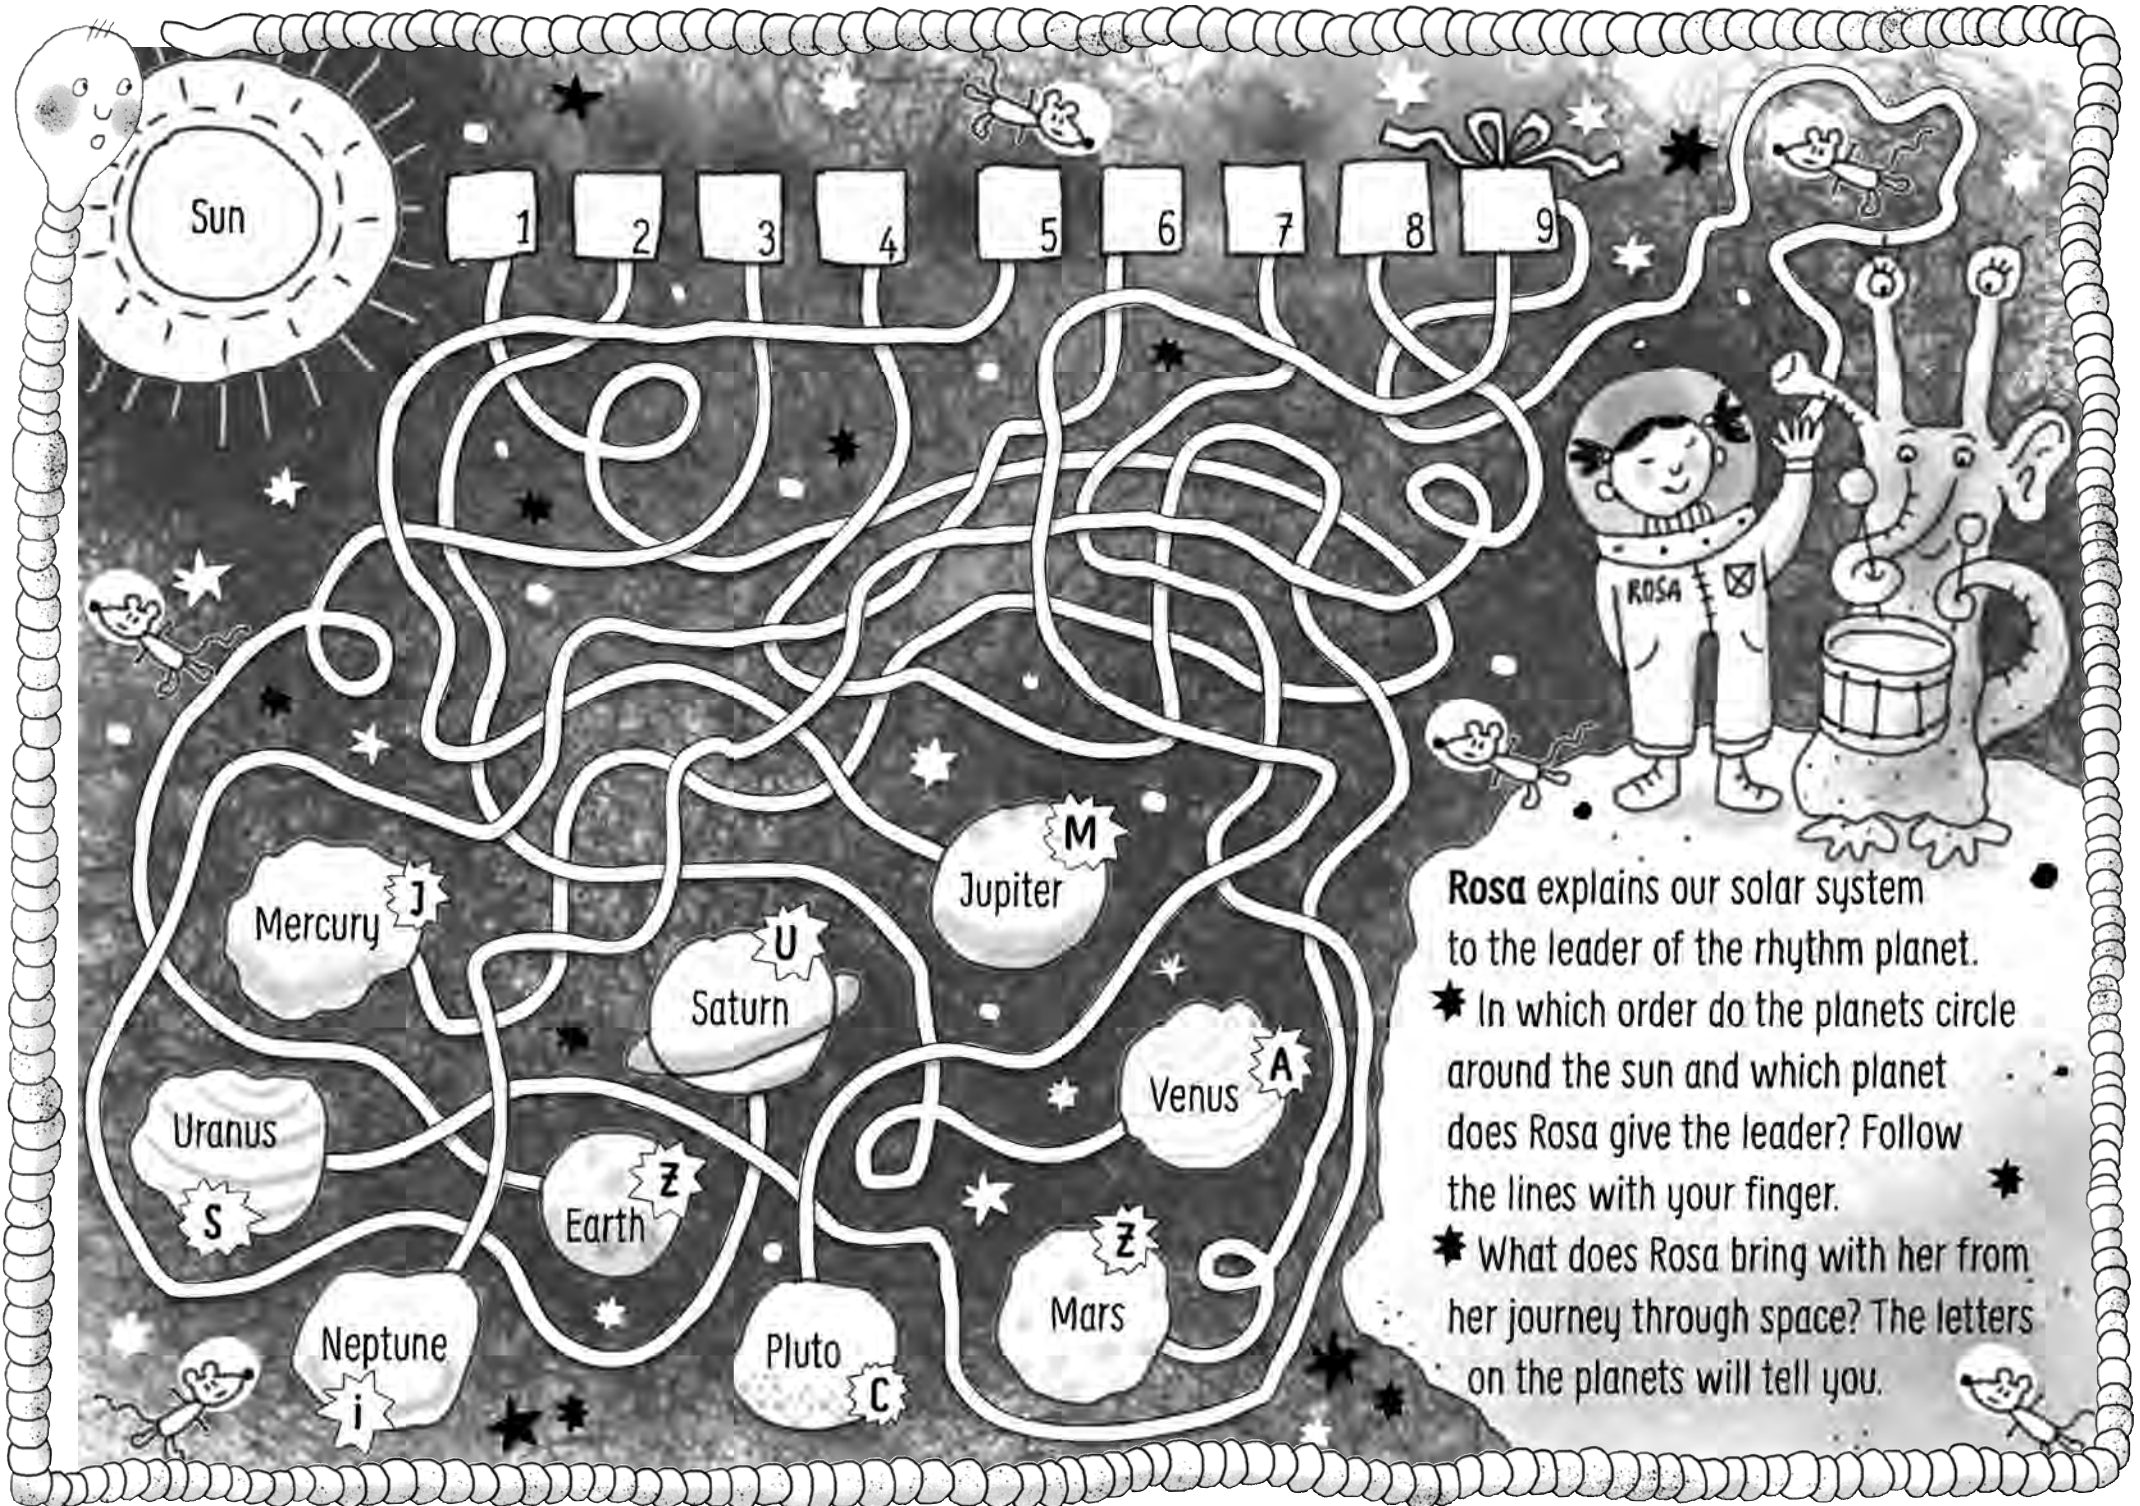

SENSUS, the little alien, wants to bring things from Earth back to his home. But on his journey through space, he has lost his souvenirs. If you collect them and know which letters things begin with, you will find out in which constellation SENSUS' home planet SIRIUS ☆ is located. And if you connect the little stars together from 1 to 16, you can see what this constellation looks like.

Constellation:

Rosa explains our solar system to the leader of the rhythm planet.

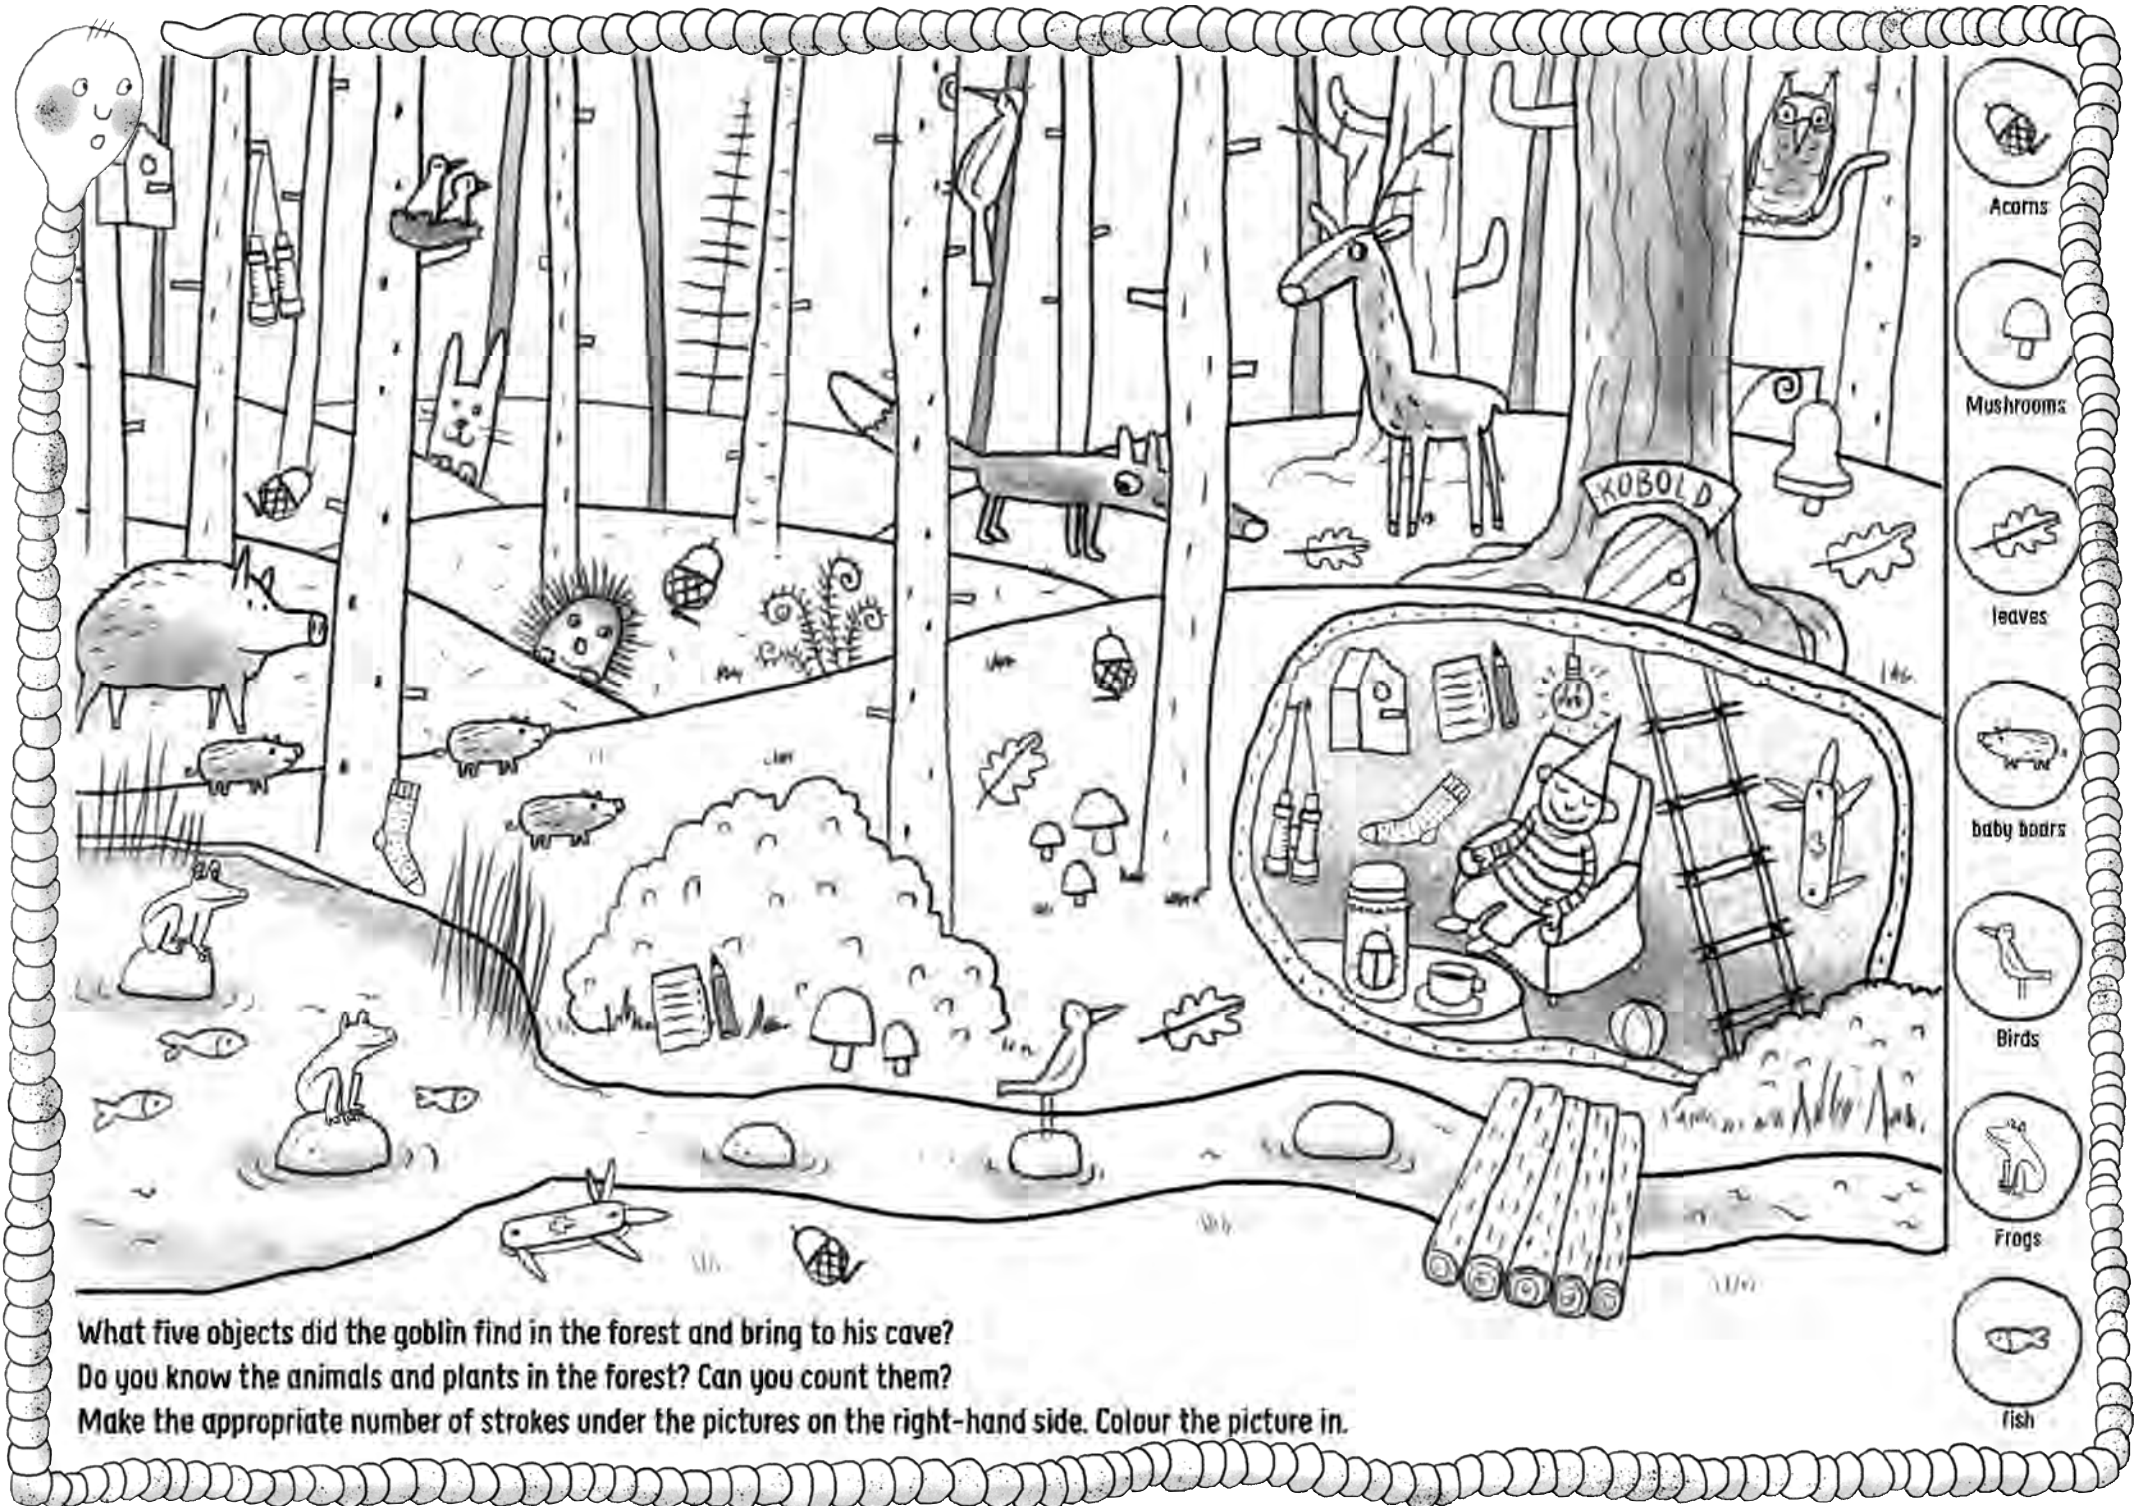

★ In which order do the planets circle around the sun and which planet does Rosa give the leader? Follow the lines with your finger.

★ What does Rosa bring with her from her journey through space? The letters on the planets will tell you.

Kanchil wants to go to his friend Kerbau the water buffalo, because he has the delicious jambù fruit.
But first he has to pass the hungry crocodiles. And some fruits are blocking the way! Can you help the little deer?

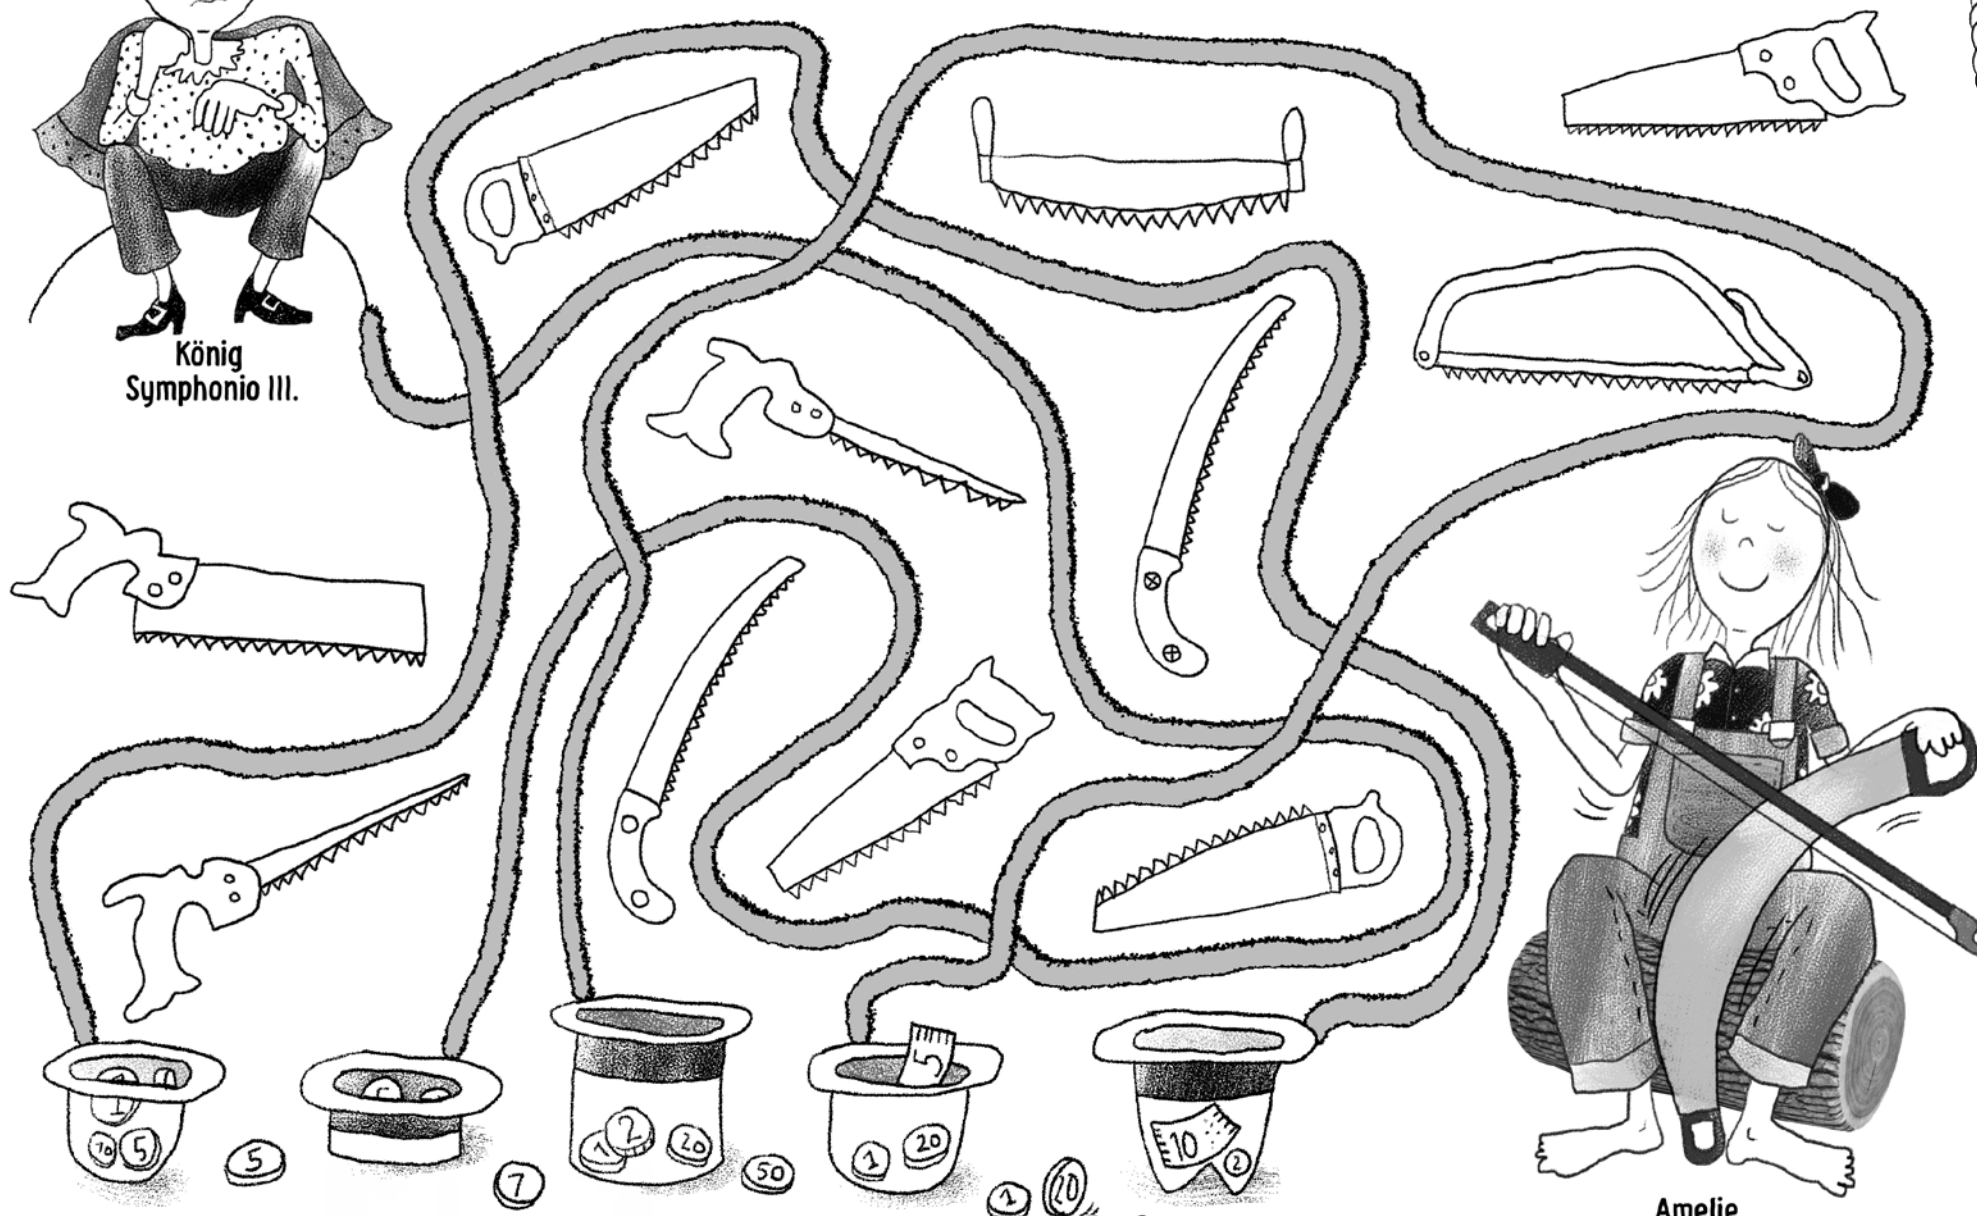

Amelie got a lot of applause and small change from the passers-by for busking.
But what path does she take to the sad king to make him happy again with her singing saw?
And Amelie has many different saws. Only two are the same. Can you find them?

König
Symphonio III.

Amelie

10 EARWORMS ARE HIDDEN IN THIS PICTURE. CAN YOU HELP THE EXPLORERS TO FIND THEM?
