

Song for Derbyshire – *The Best That You Can Be*

From the windy ridge of Curbar to Birch Vale
From the oak trees on the Derwent to the fields of Darley Dale
From the caverns of Blue John
To the Heights of Abraham
There is something in the air that makes me who I am.

From the White Peak to the moors that make the Dark,
From the Rams at Derby Stadium to the deer at Chatsworth Park
From the cotton mills at Cromford
To the bridge across the Lea
It's a place to grow, a place I want to be.

(CHORUS) *Sha la la la la*
Whichever song you choose to sing
Sha la la la la
As long as you're the best that you can be....
Sha la la la la
Just sing out loud and let it ring
Then the world will see
You're the best that you can be.

The best that you can be

We've a picture deep inside of who we are
And we want to find the confidence to run and clear the bar
Look around and you will see
It's a place for you and me
Just as long as you're the best that you can be.

(CHORUS) *Sha la la la la*
Whichever song you choose to sing
Sha la la la la
As long as you're the best that you can be....
Sha la la la la
Just sing out loud and let it ring
Then the world will see
You're the best that you can be.

The best that you can be

We gotta show the world somehow
We gotta curtain call right now
We gotta chance to shine out bright
We gotta chance to get it right.
(Repeat, then over the top of..)

Aaah

Aaah

Aaah - the best that you can be

(Repeat x3, over the top of *We gotta show the world somehow.....*)
