

## **Song for Derbyshire – *The Best That You Can Be***

From the windy ridge of Curbar to Birch Vale  
From the oak trees on the Derwent to the fields of Darley Dale  
From the caverns of Blue John  
To the Heights of Abraham  
There is something in the air that makes me who I am.

From the White Peak to the moors that make the Dark,  
From the Rams at Derby Stadium to the deer at Chatsworth Park  
From the cotton mills at Cromford  
To the bridge across the Lea  
It's a place to grow, a place I want to be.

**(CHORUS) *Sha la la la la***  
***Whichever song your choose to sing***  
***Sha la la la la***  
***As long as you're the best that you can be....***  
***Sha la la la la***  
***Just sing out loud and let it ring***  
***Then the world will see***  
***You're the best that you can be.***  
  
***The best that you can be***

We've a picture deep inside of who we are  
And we want to find the confidence to run and clear the bar  
Look around and you will see  
It's a place for you and me  
Just as long as you're the best that you can be.

**(CHORUS) *Sha la la la la***  
***Whichever song your choose to sing***  
***Sha la la la la***  
***As long as you're the best that you can be....***  
***Sha la la la la***  
***Just sing out loud and let it ring***  
***Then the world will see***  
***You're the best that you can be.***  
  
***The best that you can be***

We gotta show the world somehow  
We gotta curtain call right now  
We gotta chance to shine out bright  
We gotta chance to get it right.  
(Repeat, then over the top of..)

Aaah  
Aaah

Aaah - the best that you can be  
(Repeat x3, over the top of *We gotta show the world somehow.....*)
